

Heating and
hot water
without
the hassle

Warmly

Feel the heat, with a new boiler from Warmly

Until it becomes an expensive home emergency, you don't really give your boiler much thought. When this happens, you can be left with a costly repair bill or the expense of finding a replacement. With Warmly, we can take away the up front cost of buying a new boiler, the hassle of servicing and the stress of unexpected repair bills for the duration of the Warmly plan - so you can relax and focus on what really matters in your home.

Brand new boiler

Get an A-rated energy efficient, Gas boiler, installed by one of our local Gas Safe qualified engineers.

No surprises

No large or unexpected upfront cost, just a single fixed monthly payment covering the cost of your boiler equipment and its installation.

No unexpected bills

Your Warmly plan includes the cost of servicing your boiler, safety checks and any boiler equipment repairs with no excess to pay.

Save up to £52.50 per month

A new energy efficient boiler can save you up to £52.50 per month on your energy bills. That's a saving of up to £630 a year¹.

Relax with Warmly; there's no upfront costs, no price increases or unexpected repair costs and you can leave the plan whenever you want to. Just one fixed monthly payment that covers all the costs².

¹ These are estimated figures based on installing a new A-rated condensing boiler with a programmer, room thermostat and thermostatic radiator controls (TRVs) in a gas heated home from an older boiler with a programmer and room thermostat. Savings will vary depending on the size and thermal performance of your home. Figures are based on fuel prices as of July 2023 Source: Energy Savings Trust (www.energysavingtrust.org.uk/advice/boilers/). ² To borrow £2350.00 over 120 months with a representative APR of 18.7% (fixed) will cost £41.34 per month, with a total cost of credit of £1679.60, servicing of £930.73 and a total amount payable of £4960.32. All figures are representative and based upon an assessment of credit and affordability. Terms and conditions apply.

How does Warmly work?

1. Quote

A Warmly installer will undertake a survey of your home, either face to face, via a video call or an online survey. Either way a number of boiler options will be discussed with you on a call or presented back to you online allowing you to choose what is right for you.

2. Apply

Once you're happy with a boiler option and price you can apply for Warmly online via the link sent to you by email or, apply directly online via the Warmly installer website. You can also sign your documents and arrange your preferred payment date all within the online application.

3. Install your boiler

Once you are happy with the installation you will start to make your monthly payments.

4. Relax

We arrange and carry out your annual service and safety checks, so you can relax knowing your boiler is running safely and efficiently. In the unlikely event of a fault, we will repair your boiler at no extra cost.

“ The boiler installers turned up exactly when they said they would (they phoned first) and were professional and efficient. They completed all the work in one day, even though our central heating setup is quite old and complicated. They cleared everything away before they left, and the new boiler and thermostat are working very well. ”

Nick Rozanski

What's included with Warmly?

- A brand new A-rated boiler
- Expert Gas Safe installation
- Annual Boiler Service and we keep track of your service history to ensure your Warranty or Guarantee remains in place¹
- Unlimited boiler equipment repairs (parts and labour) for faults with the boiler
- A replacement boiler where there is a significant fault that cannot be repaired
- Disposal of old equipment
- No call-out fees
- No upfront costs

¹ Warmly or our appointed service engineers will contact you to arrange your Annual Boiler Service. It is important we have your up to date contact details as if we cannot successfully contact you, or if you do not respond, we may not be able to complete the boiler service and any Warranty or Guarantee may become invalid. The Annual Boiler Service must be undertaken by Warmly appointed Gas Safe engineers.

Get more, with Warmly

Life can be busy enough without the added hassle of remembering to service your new boiler and finding a reliable Gas Safe registered engineer you can trust. Not to mention the cost. We can take care of all that for you. What's better there is no unexpected costs as it's all included within the fixed monthly cost.

We cover all annual servicing and repair costs for the duration of the Warmly plan

Never miss a service - we'll remind you when your annual service is due

Certainty in an uncertain world - your monthly cost is fixed for the life of the plan meaning no price increases

Why choose Warmly?

In uncertain times, we all need to feel more certain. Surprises can be great, but not when it comes to boilers. They need to be reliable, predictable and affordable. Like Warmly.

With Warmly the service doesn't stop once the boiler is installed. We will also keep your new boiler in tip-top shape with a boiler service every year with repair costs, parts and labour included during the term of the plan. All in one fixed monthly payment. No upfront costs, no price increases, and you can end the plan at any time by simply buying the boiler.

So you can relax and focus on what really matters in your home.

**A new boiler could save
you up to £630 a year
on your energy bills¹**

FAQs

Who is Warmly for?

Warmly is available on Worcester Bosch gas boiler installations for eligible domestic homeowners and landlords who:

- Need a new boiler but don't want to pay the cost up front, or
- Have an old, inefficient boiler that's costing more than necessary in repairs and energy bills, or
- Would like the security of long-term boiler servicing, safety checks and repairs, with no excess in one monthly fixed cost.

Will I own the boiler?

You rent the boiler and equipment during the term of the agreement and then ownership of the boiler is transferred to you at the end of the agreement. This means you will own the boiler once your last payment has been made.

How long is the plan term?

Our current plans have a duration of 10 years to help spread the cost and work alongside your 10 year warranty or guarantee.

Can I end the plan early?

Yes, you can pay the agreement off early at any point and take full ownership of the boiler. A specific early repayment figure can be provided by Warmly

What happens if I sell my home?

If you sell your home simply end the Warmly plan early prior to your home sale.

I am a landlord – does the annual service include a Gas Safety Certificate?

Yes, for landlords, the plan includes a Gas Safety Certificate as well as a boiler service.
